With innovative ProSpray product features

Clearly arranged: Digi-Trac-Control

With the digital display you can read out and handle machine data, consumption figures, runtimes and much more. The intelligent deadband control, SlowMotion function and FrequentClean guarantee trouble-free work and quick cleaning.

No nozzle blockades

The high pressure filter is **easily accessible and quick to clean**. Three different filter inserts (fine, medium, coarse) ensure an optimal match with the material.

Maintenance made easy

With the push of a button the piston is oiled and thus the packings are conserved.

Low maintenance costs

The practical, **self-adjusting packings** lead to less wear and are easy to change. They have a **service life up to 50% longer** than the current packings

Tidied up

Practical hose and gun holder

Maintenance-free, brushless direct current motor

Due to the improved performance, the motor works even more efficiently at low and also at high speeds. The continuous paint pressure measurement controls the motor speed automatically, thus ensuring a constant material pressure.

Simple and quick

Change of the suction system without tools.

Tilting cart

Fast change of the container. Site-optimised tyres allow to transport the pump conveniently.

Small and compact with robust frame

The small piston pumps are specially suitable for small projects with a size up to 200 m².

01 - ProSpray 3.20 Emulsion Spraypack - Compact entry-level piston pump for professional airless

Excellent price-performance ratio: Ideal for those who spray small areas

Robust and easy: impact-protected on/off switch, durable and easily accessible packings and more user-friendly details

Construction sites optimised frame: Practical hose reel for easy transport

Innovative ProSpray product features: see overview

01 - Scope of delivery

- Basic unit ProSpray 3.20
- HP hose DN6, max. 27 MPa, NPSM 1/4", 15 m
- Airless gun Vector Pro, 1/4", incl. TradeTip 3 nozzle holder, with 4-finger trigger
- TradeTip 3 nozzle 419

Art. No. 0532 004

02 - ProSpray 3.21 Emulsion Spraypack - Small and compact - the introduction to piston pump technology

Excellent price-performance ratio: Ideal for those who spray small areas

For trouble free operation: Integrated high pressure filter

Excellent performance data: 0.023" nozzle size, 2.0 l/min max. delivery rate, 16 kg weight

Innovative ProSpray product features: see overview

02 - Scope of delivery

- Basic unit ProSpray 3.21
- HP hose DN6, max. 27 MPa, NPSM 1/4", 15 m
- Airless gun Vector Grip, 1/4", incl. TradeTip 3 nozzle holder, with 2- and 4-finger trigger
- 2SpeedTip nozzle D10 111/419

Art. No. 2308 256

03 - ProSpray 3.23 Emulsion Spraypack - The expert for small-area projects

Including flexible suction system for original container

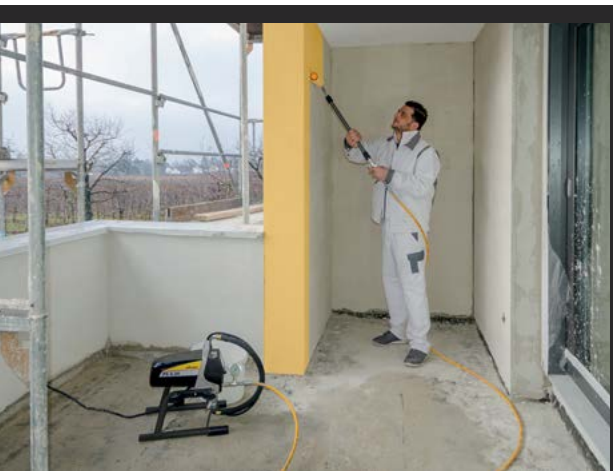

Easy to handle: Compact design for space-saving storage

Innovative ProSpray product features: see overview

04

04 - ProSpray 3.34 - Emulsion Spraypack - For high-viscosity materials as flame retardants and anti-corrosive agents

Powerful piston pump that is ideally suited for large building sites and also handles high-viscosity materials

Faster than ever: Quick-change fluid section for ease of servicing and shorter reaction times

Innovative ProSpray product features: see overview

04 - Scope of delivery

- Basic unit ProSpray 3.34
- HP hose DN6, max. 27 MPa, NPSM 1/4", 15 m
- Airless gun Vector Grip, 1/4", incl. TradeTip 3 nozzle holder, with 2- and 4-finger trigger
- 2SpeedTip nozzle D20 115/421

Art. No. 2308 263

05 - Emulsion

05 - ProSpray 3.39 - Emulsion Spraypack - Powerful emulsion unit for large areas

More power: Greater suction performance thanks to the low position of the suction valve

Twice as fast with emulsion: Parallel two gun operation possible

Innovative ProSpray product features: see overview

05 - Scope of delivery

- Basic unit ProSpray 3.39
- HP hose DN6, max. 27 MPa, NPSM 1/4", 15 m
